

## **PCI Pal Named “Compliance Software Solution Provider of the Year” in 2023 CyberSecurity Breakthrough Awards Program**

*Prestigious International Awards Program Recognizes Outstanding Information Security Products and Companies*

CHARLOTTE, N.C, Oct. 5, 2023 – [PCI Pal](#)® (LON: PCIP), the global SaaS secure payments provider, today announced that it has been named winner of the “[Compliance Software Solution Provider of the Year](#)” at the 7th annual CyberSecurity Breakthrough Awards program conducted by CyberSecurity Breakthrough, a leading independent market intelligence organization that recognizes the top companies, technologies and products in the global information security market today.

PCI Pal provides leading payment solutions across a variety of channels that empower companies to take payments securely, adhere to strict industry governance, and remove their business from the significant risks posed by non-compliance and compromised data.

PCI Pal prioritizes customer experience (CX) without sacrificing payment security and compliance. Together as a solution suite, the PCI Pal product portfolio supports organizations globally with meeting their customers where they are for a frictionless contact center payment experience.

“PCI Pal is dedicated to continuously making the payment experience great for both agents and customers alike by prioritizing privacy and security for customers through our omnichannel payment solutions for contact centers. We’re very pleased to accept this recognition from CyberSecurity Breakthrough as we continue to prioritize delivering leading secure payment technologies,” said Jane Goodayle, Chief Marketing Officer of PCI Pal.

The mission of the CyberSecurity Breakthrough Awards is to honor excellence and recognize innovation, hard work and success in a range of information security categories, including Cloud Security, Threat Detection, Risk Management, Fraud Prevention, Mobile Security, Email Security and many more. This year’s program attracted thousands of nominations from over 20 different countries throughout the world.

“What sets PCI Pal apart is its relentless focus on compliance. With ever-evolving regulations and standards governing payment card data security, organizations need to maintain compliance while also staying ahead of cyber threats. Compliant solutions that safeguard customer payment data are crucial,” said Steve Johansson, Managing Director of CyberSecurity Breakthrough. “We’re pleased to award PCI Pal ‘Compliance Software Solution Provider of the Year.’ By providing robust security measures and simplifying the compliance process, they are helping organizations protect their customers' payment data.”
